Rectangular metal hanger pictured at left is ready to receive wire on back of artwork or frame; wire should span entire width of artwork or frame.

Affix wire to artwork or frame with flat-eyehooks strung taught 2" below top of artwork or fame.

Metal hanger is easy to position by pulling it away from the wall and moving it left or right. Affix metal hanger to vertical rod with the set screw which you then thumb tighten.

Fiberglass rod lies flat against wall and is easily moved to desired position. Go here for link to, ["How to hang a painting with wire and D-rings"](#)
